

Your place to grow at

Dovecote Gardens, Old Catton

Your place
to thrive

Find your place to thrive at Dovecote Gardens

Welcome to Dovecote Gardens, a charming development of two bedroom apartments and two, three and four bedroom houses. It is conveniently situated just north of the village of Old Catton, on the outskirts of the thriving city of Norwich, yet within a short distance of nature reserves and open countryside. These contemporary homes are available to purchase outright or through the Shared Ownership scheme, so it's ideal for first-time buyers, young couples, growing families and downsizers alike.

Located just 3.5 miles north of Norwich, with its national and international network connectivity, this new flagship development is within a highly sought-after residential area.

Both Old Catton to the south and Spixworth to the north offer a range of essential amenities for your day-to-day needs, from a supermarket and selection of retail outlets to dental and medical practices, a veterinary surgery and a choice of pubs.

A number of parks in the area provide opportunities for getting back to nature, including the historic 70-acre Catton Park with its wildflower meadow and woodland walks.

Educational needs are very well catered for too, with a number of schools to choose from: Old Catton Pre-School, Old Catton Church of England Junior School and Lodge Lane Infant School in Old Catton, plus Spixworth Infant School, Stepping Stones Day Nursery and Woodland View Junior School in Spixworth. Norwich itself

offers a huge variety of excellent state and independent schools, plus further education opportunities, such as Norwich School, Wymondham College, Notre Dame High School, Norwich University of the Arts and the University of East Anglia.

Find your place to explore at Dovecote Gardens

Your place to relax...

Located in the Norfolk countryside, yet mere miles from the centre of Norwich, residents of Dovecote Gardens are spoiled for choice when it comes to lifestyle and leisure opportunities.

Sprowston Manor Hotel, Golf and Country Club

A few miles away, you'll find Sprowston Manor Hotel, Golf and Country Club, an idyllic countryside location where you can play a round of golf, enjoy a meal, pamper yourself at the spa or cool off in the heated indoor pool. Dovecote Gardens prime location also places you near Earlham Park, the Norfolk Showground and much more.

Your place for country pursuits...

A little further afield, just south of Norwich, is Whitlingham Country Park, a firm favourite amongst city dwellers and countryside enthusiasts alike, offering a perfectly tranquil location to get away from life's hustle and bustle. Ramblers and hikers are free to explore the many woodland trails and meadows, and cycling enthusiasts will not be disappointed, as they're welcome on the paths at the park. In addition, National Cycle Network Route 1 runs right through the park down Whitlingham Lane and past the wooded area. With ample parking and refreshments onsite, it makes for a great family day out.

You don't have to go far for a break from the pace of urban living, as Norfolk is blessed with some of the finest unspoiled countryside in Britain, offering a wealth of healthy lifestyle options. The world-famous Norfolk Broads are just waiting for you – endless stretches of tranquil waterways providing all sorts of recreation.

There's the stately Fairhaven Woodland and Water Garden, a sumptuous 130-acre organic garden with miles of walkways, flower displays and daily boat trips. You can visit the historic Blickling Estate, the birthplace of Anne Boleyn, or the striking Happisburgh Lighthouse, built in 1790 and the oldest working lighthouse in East Anglia. The Marriott's Way footpath, bridleway and cycle path, at 26 miles long, runs between Norwich and Aylsham and offers breathtaking views of some of the most beautiful parts of Norfolk's countryside. And for motor racing enthusiasts, there's the excitement of the famous Snetterton Racing Circuit.

...and your place for culture

If you have a taste for the finer culinary experiences in life, historic Norwich itself offers first-class restaurants, plus countless leisure, retail and cultural attractions. You can also explore the Norwich Lanes, a haven of independent eateries, coffee houses and lively bars.

Royal Arcade, Norwich

There's plenty on offer culturally, with the wonderful art deco Theatre Royal, the Arts Centre and the medieval Norwich Castle Museum and Art Gallery. You can choose between two magnificent cathedrals, with Norwich Cathedral having the second-highest spire in England at 96m. There's all kinds of live music venues, like the buzzing Waterfront, or the authentic annual Oktoberfest celebrations and the free, open-air art market in the city centre, where local artists can display their work on the railings of St Peter Mancroft Church.

Or for those looking for rather more energetic entertainment, head for the heights of the Highball Climbing Centre, Norfolk's largest indoor climbing facility, or even the High Altitude Trampoline Park, which is great for all ages.

Dovecote Gardens really does offer its residents the vibrancy of urban living, balanced with the rural backdrop of some of England's most desirable countryside.

Your place to connect...

With its easy access to Norwich city centre and the A140, connecting to the rest of the country is simple. In addition, the nearby A1270 Broadland Northway (Norwich NDR) runs 12 miles around the north of Norwich, from the A47 junction at Postwick in the east, to the A1067 Fakenham Road in the west. Norwich Airport is also just 2.4 miles away from Dovecote Gardens, so you don't have to go far to enjoy European travel.

Homes to be proud of

"I would 100% recommend Orbit to anyone and would encourage any first-time buyers to purchase from them, as they really help with the whole process."

– Dan

We believe that in order to build homes and communities which people will take pride in, we need to take pride in them ourselves. For us, it's all about quality over quantity. All aspects of our building process are underpinned by our own high standards, placing our homeowners at the heart of everything we do and investing in our communities to create great places to live, work and play.

Working from home

When it comes to commuting to work, life doesn't get much better for Dan. You could say that his job is literally on his doorstep, because Dan is employed as New Build Project Manager on the development where he has recently purchased his first home.

Dan had previously lived in his family home in Watton, Norfolk, but after saving enough for a deposit on a house, he began looking at properties in the local area. After comparing local developments, Dan chose to purchase a three bedroom home at Newlands, because he knew first-hand that he was purchasing a property which met high design standards in a great location, close to the A11.

Talking about his experience with Orbit as a first-time buyer, Dan said: "When I was looking at buying my first home, I kept an open mind and looked around to see what was on the market. To me, Newlands was the highest-quality new-build development in the local area – and in my profession, I have seen lots of homes built. All the Newlands properties are modern, light and airy, and the design, quality and product specifications are fantastic. So not only was I choosing the best home available to me, I was also literally buying on my doorstep!"

Perfectly designed for downsizers

Karen and Barry had a large home which they no longer needed, and wanted to downsize and pay off their mortgage. They were concerned that downsizing would mean huge compromises when it came to lifestyle and accommodation.

What they found through Orbit surprised them. "We were delighted when we viewed the Orbit show home and discovered that buying a new build doesn't mean you have to compromise on space or quality. The house we chose was comfortably within our budget, yet it still offered everything we hoped for from our new home."

Jessie and Alex found their dream home through Shared Ownership

Jessie and Alex were living with parents and longed for a home of their own. Now, thanks to helpful advice from Orbit on a Shared Ownership property, they have a beautifully furnished, three bedroom home in a location they thought they could only dream of. "We looked around at a number of developments but didn't feel at home. We went to look at Summer Gates, and as soon as we walked into the show home, it felt like we had come home - we were so excited!"

A wonderful journey

Sue, a single lady, wanted to move nearer to her family and friends: "I was looking for a house that I could manage myself. As a single lady, I didn't want a project this time – it needed to be well built with attention to detail, spacious, light and airy, and have a good feel about it. I wanted good storage space, a manageably sized garden and somewhere to park my car too."

After attending an open day event where she met representatives from Orbit, Sue was really impressed with the knowledge and information on offer. She decided on a home at The Sidings and submitted the paperwork. "I was so excited. The lady I dealt with was great – she explained the whole process and, to this day, it works. In fact, all parties involved have been amazing, the process has been seamless, and I can't thank everyone enough for making it happen – it really has been a wonderful journey. I was really impressed at how professionally the whole process was handled."

A spacious family home

Gemma and David wanted to upsize and discovered Orbit's development at Mill View. Gemma said: "The size of our new home is ideal, and the interior is bright and spacious. We also have a big driveway and double garage, so plenty of parking when we have visitors. As a family, we have spent more time outdoors in our lovely big garden, which is something you don't always see with new builds. I couldn't be prouder of our perfect Orbit home!"

These quotations are from purchasers at other Orbit Homes developments.

Mill View, Dereham

The Orbit difference

The history of Orbit

Orbit was established in 1967 by a small but pioneering group of business people who wanted to make sure everyone could live in a good-quality, affordable home. The passion they felt was channelled into positive action, and Orbit was created.

Our purpose today is every bit as important as it was when we were founded. We provide landlord services to over 45,000 properties and build around 1,500 quality new homes each year. Our aim is to ensure the homes we provide and the communities we create are high-quality,

affordable, safe and sustainable, and they really become your place to thrive. In everything we do, we are committed to improving the long-term prospects of society. We do this by taking steps to protect our planet, investing in a range of projects to support communities, families and individuals, and ensuring we have sustainable working and excellent employment practices in place.

Building for good

When you buy from Orbit Homes, you're directly influencing the lives of thousands of individuals in the UK. Our impact reaches far beyond the homes we build and sell, as we aim to make a positive impact in the communities where we live and work too.

We put back into our communities and society in a big way. Not only through our work as responsible landlords in supporting our tenants but also by building a better planet for future generations. We are big on positive, greener actions, and have a dedicated programme called Orbit Earth to push our initiatives further. So, by buying from Orbit Homes, not only will you find your place to thrive, you will also help others do so too.

Your place to thrive

Orbit in the community

We have invested around £25m into schemes in the last six years through a range of projects to improve the local community. This includes sensory gardens, skateboard parks, community farms and neighbourhood cinemas. We also provide help and support on wellbeing, employment and skills, digital inclusion and financial advice through our award-winning Better Days programme.

Alongside this, our employees are very active in the local community through our volunteering programme, contributing over 4,000 community hours in the last 12 months alone. Our employees have painted, decorated, planted and litter-picked their way to supporting our local communities, whilst raising over £45,000 for national and local charities, including Mind, Shelter, Macmillan Cancer Support and Prostate Cancer UK.

Newlands, Attleborough

Design standards

At Orbit, our vision is to take the lead in building thriving communities, and we recognise that to build a thriving community, great care and attention needs to be given to the way in which they are designed.

We know that communities are about people first and foremost, but the design of the places we live in can also have a huge impact on our lives. From the design of each individual home, to the spaces in between that make up the public realm, great design can have a positive impact through its ability to 'surprise and delight'.

All of our homes are built to our own high standards, and we adhere to the requirements of the New Homes Quality Code.

Your place to thrive

Orbit Earth

Orbit Earth was established to recognise the importance of protecting the environment and to act in the protection of our planet. Our design standards set out the controls to ensure that the stunning new homes we build make a positive impact on the environment.

We have four main priorities:

- Climate action to become net-zero carbon
- Ecological resilience to enhance the quality of green spaces
- Responsible partnerships and a sustainable supply chain
- Increasing biodiversity

At Orbit, we believe that good design is at the heart of delivering thriving communities, and it is fundamental to our mission. It is also essential to our creation of your place to thrive.
